### **Rating Your Work**

It isn't always easy to look at our own work with a critical eye. But take one or two of your latest projects and review them with this checklist – be HONEST, but don't beat yourself up. Rank your project(s) on a scale of 1-10, with 10 being one of the best projects you've seen.

1. Integrity. How would you rank this project for its authenticity and niche?
